Center for Fungal Pathogenesis

Symposium on Fungal Genetics and Genomics

June 27 2011, Monday ● Presentation at Room 203 at 75-1

Dr. Suhn-Kee Chae (Chair, PaiChai University, Korea)

13:30-13:40	Introduction of Center for Fungal Pathogenesis **Dr. Yin-Won Lee** (Director, Seoul National University, Korea)
13:40-14:20	Telomeres and Cell Wall Proteins in *Candida glabrata* **Dr. Brendan Cormack** (Johns Hopkins University, USA)
14:20-15:00	Genome-wide Expression Profiling of Transcription Factor Genes in *Magnaporthe oryzae* **Dr. Sook-Young Park** (Seoul National University, Korea)
15:00-15:20	Coffee break
15:20-16:00	Regulation of Gene Expression by Intron in *Cryptococcus neoformans* **Dr. Guilhem Janbon** (Institut Pasteur, France)
16:00-16:40	Unique Evolution of the UPR pathway for Virulence of *Cryptococcus neoformans* **Dr. Yong-Sun Bahn** (Yonsei University, Korea)
16:40-16:50	Closing remarks
